

The Patron Program

Our experience has been that Auctions are both more enjoyable and financially successful when friends and family come together in groups. The Patron Program provides an affordable way for friends and families to be seated together at specially designated reserved tables.

These tables, called Patron Tables, seat 10 people and are available for \$600. Included in the Patron Table package are ten (10) admissions to the Auction, a special reserved table for you and your guests with personal signage/logo display, and Program Book acknowledgement including a half page Ad.

Patron Tables are a great way to provide hospitality for your guests and to share a special message or advertisement with our community, while benefiting our school.

Of course, sharing a table is possible too! If you would like to share a Patron Table with another family, just note it on the Sponsor/Patron registration form. If you have questions, please contact Linda in the office.
